- ✓ **Services:** Caregivers can provide a variety of support services which may include helping with activities of daily living, mobility assistance, companionship, meal preparation, and medication administration.

Our Way of Giving Back:

The Family & Nursing Care Foundation, established in 2008 by Family & Nursing Care's founder Sandy Kursban, is a fund of the Community Foundation in Montgomery County, and supports older adults in two very important ways: (1) Awarding grants to community partners to help lower-income adults gain access to home care (2) Providing scholarships for students to pursue a career as a caregiver.
